

STUDENT'S **MISSING** CERTIFICATE

The MISSING certificate should be given to the students once they have finished playing MISSING and they have completed the Internet Safety Plan. Once you have opened the MISSING certificate file (PDF), simply type the student's name in the green box, print and sign your name above the Instructor's Signature line.

At Web Wise Kids we believe that students are the first line of defense and completing this program is the first step at protecting themselves from predators and other online dangers.
